

ES2DE 2017 Energy and Sustainability in Small Developing Economies

10 - 13 July 2017 • FUNCHAL, Madeira Island, PORTUGAL

UNIVERSIDADE da MADEIRA

m-iti
Madeira Interactive
Technologies Institute

IMPORTANT DATES

Submission	February 15, 2017	Notification	April 15, 2017
Special Sessions	March 15, 2017	Camera Ready	May 1, 2017
Early Registration	May 1, 2017	Registration Limit	May 8, 2017

GENERAL CHAIR

Morgado Dias, UMa & M-ITI

LOCAL ORGANIZING COMMITTEE

Morgado Dias, UMa

Eduardo Marques, UMa

Filipe Quintal, UMa & M-ITI

Herlander Mata-Lima, UFILA

Lucas Pereira, M-ITI

Mary Barreto, UMa & M-ITI

Tiago Meireles, UMa

Dario Baptista, M-ITI

Fábio Mendonça, M-ITI

Roham Torabi, M-ITI

Sandy Rodrigues, M-ITI

Sheikh Mostafa, M-ITI

CONFERENCE AREAS

Biomass and biofuels
Carbon capture and storage
Cyber security for smart grids
Electrical vehicle integration in the grid
Energy and transport
Energy economics
Energy efficiency
Energy harvesting
Energy in small developing economies
Energy management
Energy planning
Energy policy
Energy-saving technologies
Energy storage
Environmental impacts of energy use
Environmental risk management
Fault monitoring and predictive maintenance
Green buildings
Green energy
Green energy education and training

Green vehicles
Intelligent energy systems
Life cycle assessment
Load forecasting
Modeling and simulation in energy and sustainability
New energy applications
New energy materials and devices
Non intrusive load monitoring
Processing of oil and gas
Renewable energy resources
Reliability and maintenance
Safety and security of energy systems
Smart cities & communities
Smart grids
Sustainability issues in small developing economies
Sustainable coal use and clean coal technologies
Sustainable development
Sustainable energy production
Waste to energy
